

ATLANTIC HALL SCHOOL

Our Journey of Distinction

37 Years of Enduring Legacy

A Safe, Inclusive, and Equal-Opportunity School Dedicated to the Welfare of Every Child, sitting on 75 acres of land.

EXCELLENCE & INTEGRITY

PERFORMANCE || VALUE || INNOVATION

Welcome to our School

Welcome to Atlantic Hall School, a dynamic full-boarding co-educational community where excellence, integrity, and character are nurtured in every child.

Founded in 1989, Atlantic Hall is committed to providing a holistic education that blends academic rigour with creativity, innovation, and personal growth. Our technology-driven curriculum promotes project-based and experiential learning, preparing students to think critically, solve problems, and thrive in a digital and interconnected world.

Through robotics, coding, and the integration of Artificial Intelligence (AI), our learners gain future-ready skills that extend beyond the classroom.

Set on a serene 75-acre campus, our students enjoy modern facilities, from science and technology laboratories to creative arts studios, music suites, and exceptional sporting amenities, all designed to inspire discovery and unearth individual potential.

Our alumni network community continues to make outstanding contributions nationally and globally across business, medicine, law, politics, academia, sports, and the creative industries, reflecting the lifelong impact of an Atlantic Hall education.

As a full-boarding school, we provide a true home away from home, underpinned by a strong culture of safeguarding and child protection, ensuring every student learns and grows in safety, confidence, and care.

Atlantic Hall is a place of possibilities, where potential is discovered, passions are ignited, and greatness begins.

Thank you.

INTRODUCTION

Redefining Excellence

The Story

ABOUT ATLANTIC HALL:

Founded in 1989 by ten visionary career women, Atlantic Hall is a not-for-profit school where all earnings are reinvested for continual growth. Originally a day school in Maryland, Lagos, it became a full boarding school upon relocating to its serene and picturesque campus in Epe in 2003.

SPIRIT OF THE FOUNDERS:

Atlantic Hall embodies the spirit of its founding trustees, who, driven by vision and resilience, transformed a dream into reality by establishing the school as an enduring educational trust.

MISSION:

To be the educational institution of choice where children are equipped to take up leadership roles to help shape our changing world.

VISION: To provide high quality education that produces well-rounded children whose educational advantage and talent will help them adapt easily to the world and excel globally.

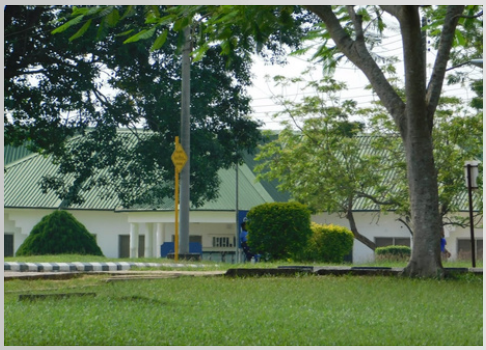

Lush and Serene Campus

CURRICULUM

We seek the highest standards of excellence for all our students. Hence, we offer full-time supervised education, which gives students experience in linguistic, mathematical, scientific, technological, human and social, moral, physical, aesthetic, and creative education. The school continues to review and benchmark its curriculum against top-tier educational practices with enriching, life-coping, and functional global content which fosters creativity and critical thinking dispositions in our children and helps them become independent learners. To effectively and strategically position our students for the global challenge and the future of jobs, we have successfully integrated coding and robotics, programming, digital literacy, and concepts of STEAM (Science, Technology, Engineering, Art and Mathematics), Artificial Intelligence (AI), and Project-Based learning (PBL) into our learning and teaching process.

Concept of Differentiation

Every Child Matters

As part of our mission to deliver 21st-century education, our multiple curricula are constantly being redesigned and refined to create personalised curriculum pathways for each child. This is used to set individual targets and create self-driven students who are ready to take ownership of their learning. Our students are supported through carefully designed and targeted intervention strategies.

Exemplary Accomplishments and Excellence

The school, in its role of preparing the students for the complex world teaches PSHCE (Physical, Social, Health, and Civic Education) - a subject that deals with real-life issues affecting our children, families, and communities. Through the activities in the boarding facilities, students are allowed the space to sharpen their cognitive, affective and psychomotor capabilities.
